

Site Details

Objective:

The map and the table shows details of all sites based for all the protocols selected in the protocol table.

Navigation:

This screenshot illustrates the 'Site Details' interface. On the left is a map of Eastern Europe and the Black Sea region. A red box highlights the 'Site Details' tab at the top left of the map area. Numbered callouts provide the following information:

- 1: Site Details tab (highlighted by a red box).
- 2: Filter button (highlighted by a red box). Callout: "Reset button: Clicking on this will reset the map and the table to its default state (i.e. zoom level 0)".
- 3: Map area showing Romania, Bulgaria, and Turkey. A red box highlights the 'Apply filter' button. Callout: "Apply filter button: Clicking on this icon after setting a zoom level will show all the sites visible in the map in the table to the right".
- 4: Full screen button (highlighted by a red box). Callout: "Clicking on this will display the map in full screen".
- 5: A marker with a yellow icon and the number '14'. Callout: "Hovering the mouse over a marker will display the details for the site(s)".
- 6: A cluster of markers with a yellow icon and the number '14'. Callout: "This indicates a cluster of sites, to expand and view all the markers click on the cluster".
- 7: Zoom in/out buttons (+/-) on the right side of the map. Callout: "Click on the + / - to zoom in / out of the map".
- 8: A red box highlights the 'Link' column header in the table. Callout: "Clicking on the link will open a new tab with the site and investigator information".
- 9: A red box highlights the 'details' link in the first row of the table. Callout: "Clicking on the link will open a new tab with the site and investigator information".

The table on the right lists site details:

Link	Screen Patient	Enrolled Patient	Cycle Time	Site Name	City
--	2	1	113	Lovelace Scientific...	Sarasota
--	11	9	102	Mexico Centre of ...	Ciudad de Mexico
--	0	0	0	Deutsche Klin. fur ...	Wiesbaden
--	7	6	105	Ctr Region.Sclero...	Montchiaro

--	5	5	100	Hospital clinico sa...	MADRID
--	5	5	106	Gusak InstlUrgent...	Donetsk
--	9	5	103	Univ of Kansas Me...	Kansas City
--	5	5	100	Ospedale Regional...	Acquaviva delle Ri...

This screenshot illustrates the 'Site Details' interface with a world map on the left and a table of site details on the right. A red box highlights the 'Site Details' tab at the top left of the map area. Numbered callouts provide the following information:

- 1: Site Details tab (highlighted by a red box).
- 2: Sync status indicator (highlighted by a red box). Callout: "This indicates whether the map and the table are in sync or not".
- 3: Navigation arrows (highlighted by a red box). Callout: "This can be used to navigate from one page to another".

The table on the right lists site details:

Link	Screen Patient	Enrolled Patient	Cycle Time	Site Name	City
--	0	0	0	Rush University M...	Chicago

--	4	2	22	Central Coast Med...	Santa Maria
--	4	2	27	Prince of Wales H...	6/F,Staff Quarters
--	3	3	16	Blood Patho.Trans...	Lviv

Interpretation

The map and table provides the following information:

- The map shows details for all the sites for all the protocols selected in the protocol table. The sites on the map are shown as a cluster. On clicking a cluster the map will automatically zoom in and will show all the sites as a marker. To view details for a marker, mouse hover over a marker.

The table shows the sites level details. It always shows the details of the sites that are visible on the map at the current zoom level. To show the details of the site that are visible on the map, click on the filter icon in the top left corner of the map at desired zoom level (**see Figure 3**). To view the details and KPIs for a single site, click on the details link available in the table (**see Figure 4**).
